A bedtime story for Liam

Created with AI Children's Story Creator

In a land far away, under a sky full of twinkling stars, little Liam loved to dream of magical adventures. One night, as he drifted off to sleep, a soft breeze whispered through the forest, inviting him to explore.

As Liam wandered through the forest, he stumbled upon a beautiful dragon with scales that shimmered like moonlight. The dragon welcomed Liam with a warm smile, and together they danced under the starlight, feeling the soft grass beneath their feet.
